FOREWORD

Prime Contract Awards by State is published semiannually by the Office of the Secretary of Defense, Washington Headquarters Services, Directorate for Information Operations and Reports (WHS/DIOR).

This report provides information on Department of Defense procurement actions. Data are broken down into three categories:

- 1) Total U.S. Actions;
- 2) Actions Not Distributed by State; and
- 3) Total State Actions, which is further divided into separate totals for each state.

Requests for additional information should be addressed to the WHS/DIOR Special Projects Division, Room 1C535, The Pentagon, Washington, D.C. 20301, or call (202) 695-6815.

The contents of this publication may be reprinted without permission.

INTRODUCTION

Prime Contract Awards by State provides a wide variety of information on all Department of Defense (DOD) procurement actions. Both military and civil functions (i.e., Army Corps of Engineers — Civil Works) procurements are represented. The data are presented by state and include the net value of procurements awarded to each state as well as each state's percentage of the total for all state procurements (except for Table 5).

The total net value of procurement actions for Fiscal Year (FY) 1981 and FY 1982 are shown for all of DOD in Table 1 and for its military components only in Table 2. These tables also provide, for comparison purposes, data for the fourth quarter of FY 1981 and FY 1982. The total net value of military procurement actions for FY 1982 (presented in Table 2) are displayed according to defense component in Table 3. Table 4 displays the total net value of military procurement actions for FY 1980 through FY 1982. Data on the total net value of civil functions procurement actions for FY 1979 through FY 1982 are provided in Table 5.

NOTES ON COVERAGE

Data in this report reflect the net value of debit and credit procurement actions over \$10,000, i.e., terminations, price changes, or other downward adjustments are deducted from a contractor's total award amount, while modifications and other positive adjustments are treated as increases. Procurement actions include definitive contracts; the obligated portions of letter contracts; and job orders, task orders, delivery orders, or any other orders against existing contracts. Contracts for research and development, services, construction, and supplies and equipment are included. Contracts awarded by DOD to other Government agencies as intragovernmental orders and foreign military sales (reimbursable sales to foreign governments) are also included.

The data base from which information for this report is collected does not include data on those parts of indefinite quantity contracts (except for petroleum products) that have not been translated into specific orders to businesses, those contracts that have not yet become mutually binding agreements between the Government and the contractor, or prime contracts awarded by other U.S. government agencies and financed with DOD funds.

Location of Contracts

Contract work is not necessarily performed in the state where the contract is awarded. Most manufacturing contracts have been attributed to the contractor's location where the product will be processed and assembled. When contract work has been performed at more than one plant, the contract has been attributed to the location where the largest dollar amount of work was produced. Both construction and service contracts have been attributed to the state where the work is to be performed. Contracts for transportation and communications services have been attributed to the state where the contractor's home office is located. For purchases from wholesale or other distribution firms, the location is the contractor's business address.

Totals

The United States total in the tables includes all contracts awarded for work performed in the United States. The United States as used here includes the 50 states, the District of Columbia,

U.S. possessions, the Commonwealth of Puerto Rico, the Trust Territories of the Pacific, and other areas subject to complete U.S. sovereignty.

The subtotal "Not Distributed by State" includes all contract actions of \$10,000 or less for performance in the United States. This subtotal also includes all contract actions, regardless of size, for performance in the U.S. possessions, the Commonwealth of Puerto Rico, the Trust Territories of the Pacific, and other areas subject to complete U.S. sovereignty, and all contract actions for performance in classified locations.

State subtotals include the net value of procurement actions over \$10,000 awarded to each state and the District of Columbia.
